

Cássio F. B. de Souza

SOFTWARE DEVELOPER · FULLSTACK

Rio de Janeiro, Fed. Rep. of Brazil

✉ contact@cassiofernando.com | 🏠 cassiofernando.com | 🐙 cassiofb-dev | 🌐 cassiofb-dev

"Special cases aren't special enough to break the rules."

Education

CEFET/RJ(Centro Federal de Educação Tecnológica Celso Suckow da Fonseca)

B.S. IN COMPUTER SCIENCE

Rio de Janeiro, Brazil

Aug. 2018 - Aug. 2025

Skills

DevOps AWS, Docker, Heroku, Vercel, Netlify, Cloudflare Pages

Backend Laravel, NestJS, Express, Django, FastAPI, Prisma, TypeORM, Knex.js, MySQL, Redshift, Redis

Frontend Angular, Astro, React, Next.js, Gatsby, Hugo, Jekyll, HTML5, LESS, SCSS, CSS, Bootstrap

Programming PHP, JS, TS, Python, Java, CPP, C, LaTeX

Languages Brazilian Portuguese, English

Experience

CEFET/RJ

COMPUTATIONAL ALGORITHMS PROJECT MONITOR

Rio de Janeiro, Brazil

Aug. 2019 - Aug. 2020

- Assited professor with general tasks.
- Supported undergraduate students by teaching and explaining C, C++ and Python Languages.
- Supported undergraduate students by teaching and explaining fundamental data structures, including arrays, matrices, and queues.

CEFET/RJ

DISCRETE MATHEMATICS MONITOR

Rio de Janeiro, Brazil

Aug. 2020 - Feb. 2021

- Assited professor with general tasks.
- Supported undergraduate students by teaching and explaining set theory, functions, graphs and others topics.

Bluemoon

FRONTEND DEVELOPER

Rio de Janeiro, Brazil

Jun. 2021 - Jul. 2021

- Developed several Frontend validators for data handled by forms.
- Designed and developed several forms pages in corporation CRMs using Angular, HTML and SASS with Backend integration.

Bluemoon

FULLSTACK DEVELOPER

Rio de Janeiro, Brazil

Jul. 2021 - Aug. 2022

- Developed a web crawler with on python.
- Managed database performance and backups.
- Created migrations and seeds to setup local development.
- Managed CRMs CI/CD configuration using Heroku, Vercel, AWS and Docker.
- Designed, developed and deployed several MySQL databases.
- Designed, developed and deployed several CRONs (scheduled jobs).
- Designed, developed and deployed several dashboards for the corporation CRMs.
- Designed, developed and deployed several external API integrations in Backend and Frontend.
- Designed, developed and deployed several new Backend features using NestJS, Knex.JS, TypeORM, Prisma and MySQL.
- Designed, developed and deployed CRM integration with corporation communication platforms (Slack, WhatsApp, etc...).

ONErpm

FULLSTACK DEVELOPER

São Paulo, Brazil

Feb. 2023 - PRESENT

- Dockerized Backend and Frontend systems.
- Automated workflows and processes using AI.
- Refactored and upgraded laravel and angular systems.
- Created migrations and seeds to setup local development.
- Optimized complex SQL queries and huge reports generation.

Certificates

Aug. 2020 **Responsive Web Design**, FreeCodeCamp
Sep. 2020 **JavaScript Algorithms and Data Structures**, FreeCodeCamp
Sep. 2020 **Front End Development Libraries**, FreeCodeCamp
Jul. 2020 **Python**, Kaggle
Jul. 2020 **Pandas**, Kaggle
Jan. 2020 **Intro to Machine Learning**, Kaggle
Jan. 2020 **Intermediate Machine Learning**, Kaggle
Jan. 2020 **Data Visualization**, Kaggle

Writing

Cássio Souza

DEVELOPER & WRITER

- Personal website and blog where I write about my hobbies.

[Personal Website](#)

[Jun. 2023 - PRESENT](#)

Técnicas de Aprendizado de Máquina para Predição de Desvio Fotométrico

UNDERGRADUATE THESIS

- Undergraduate thesis where is explored the use of AI for redshift estimation.
